

Anant Fellowship in Sustainability and Built Environment

1-year postgraduate diploma with MSc extension option

Reimagine how the built world works.

Turning creativity into careers

The Anant Fellowship in Sustainability and Built Environment is a global programme that prepares and empowers solutionaries to design, shape and preserve an equitable built environment.

As an Anant Fellow, you'll join a geographically and professionally diverse classroom where you'll explore concepts spanning design, technology, humanities and beyond – all grounded in hands-on learning.

Flagship Modules

Distinguished Faculty - Tailored Courses

Choose Your Path

1/3 Coursework = Electives

Live Action Project (LAP)

Apply your learnings and solve a real-world problem

Client-based LAP

Work with non-profits, academics and industry partners on a pressing issue.

Entrepreneurial LAP

Develop your own venture with the Aarambh Incubation Centre at Anant.

Why Choose Anant Fellowship

- Multidisciplinary Coursework
- Flexible Curriculum
- Experiential Learning
- Global Classroom
- Mentorship and Professional Connections

about
Anant

Anant National University, India's premier design university, is dedicated to training students to devise solutions for global problems. Anant follows the DesignX pedagogy, where 'X' in DesignX is the symbol drawn from mathematics, representing enhancement. This new learning approach multiplies traditional design pedagogy with liberal arts disciplines, emerging technologies and knowledge drawn from hands-on community experiences to help understand our world better and to devise impactful solutions.

Our multidisciplinary undergraduate, postgraduate and doctoral programmes in design, architecture, climate action and visual arts harness knowledge from various disciplines and traditional practices to integrate it with cutting-edge technology to address diverse challenges. We train our designers to become solutionaries — revolutionary thinkers with a solution-oriented mindset.

Anant National University has been recognised as the Centre of Excellence by the Government of Gujarat, highlighting our efforts to provide our students with world-class education, innovative pedagogy, high employability and enhanced entrepreneurial and research opportunities. Anant has also received the prestigious '5-Star Rating' in the category of Architecture and a '4-Star Rating' in the University category in the Gujarat State Institutional Rating Framework (GSIRF) 2023-24. These recognitions reinforce our commitment to creating a world-class institution of great eminence and excellence.
